ASHFORD ASKS GRAND JURY TO PROBE CHARGES

Wilder's Allegation That Money
is Illegally Spent Referred
to Tribunal

If suggestions by Circuit Judge C. W. Ashford, as made in a verbal charge to the inquisitors yesterday, are carried out, the territorial grand jury will investigate charges that public funds are being unlawfully expended to support Filipino members of the National Guard.

In a letter published in part in the Star-Bulletin yesterday, Arthur A. Wilder laid the charges before Judge Ashford, the latter stating to the grand jury that the matter had been officially brought to his attention, and that he believed the charges were of sufficient importance to warrant an investigation. The court placed Judge Wilder's letter in the hands of W. H. McClellan, foreman of the jury.

In addressing the jury, Judge Ashford said, in part: "Summarizing the contents of Judge Wilder's letter, it appears that a considerable number of Filipinos are being fed at public expense out of moneys which have been set apart and aside for the board of immigration, labor and statistics, with the further proviso that its expenditure shall be administered under the advice and approval of the governor. The charge is made that under request of the governor the board of immigration has been induced to set aside and appropriate different sums which have been passed over to or expended by the governor either personally or in connection with others."

The court pointed out that it was the intent of the legislature that only citizens or those eligible to become citizens should be enlisted in the guard, adding that the revised statutes of the United States provides that only "free white" persons or persons of African descent or nativity are eligible to citizenship.

Judge Ashford added that the court relied upon the grand jury to conduct a thorough, impartial and unbiased investigation of the charges, and then placed the matter entirely in the hands of the tribunal.

RESERVE YOUR TABLES IN THE RATHSKELLER

The management of the Alexander Young Hotel announces a change of entertainment for Tuesday evening. The presence of a large number of visitors in the city makes it advisable to reserve tables for this occasion.

The many applications received seem to make it advisable to also announce that it is not possible to make reservations of tables on the roof garden.—Adv.

OPPORTUNITY FOR SINGERS

Pupils seeking European experience, method and atmosphere during their study of singing, need never pine for the "old country" as long as Joseph S. Wanrell and others of his rare kind maintain San Francisco studios.

After graduating with first-prize honors from Spain's National School of Music, Mr. Wanrell became leading basso in the Madrid Court Opera, later appearing in all the principal opera houses of his native land and Italy. He won further fame during engagements with the leading opera companies of Russia, Portugal and Central and South America, coming to San Francisco several years ago to win a unique place in the musical life of this city.

In the historic Tivoli Theater in San Francisco he was conceded to be the finest basso that had ever been heard in that opera house, appearing in a repertoire of operas extending from "Les Huguenots" and "Lohengrin" to "La Boheme" and "Lohengrin."

Mr. Wanrell is an artist-teacher, who knows the theory of singing and the practice also. He has written an authoritative work on the subject and his pupils, many of whom are filling successful stage engagements, testify to his teaching talent.

BAT THE RAT

Join the Clean-Up Club and Kill Off the Rats

Boards of health everywhere are trying to exterminate rats, because of their menace to health and destruction of property. TAYLOR DENIES FAVORITISM TO ANY AUTO STAND

The charge that the Hawaii Promotion Committee discriminates in favor of any one auto stand in the city is emphatically denied by A. P. Taylor, secretary of the committee, when his attention was called to a complaint made to the Board of Supervisors on behalf of Joseph E. Clark of one of the city public stands.

Mr. Taylor calls attention to a rule of the committee adopted a year ago which particularly calls attention to non-favoritism, as follows:

"No partiality shall be shown for any particular auto company or stand."

The secretary states that this rule has been rigidly enforced and no partiality shown for any of the drivers, except, of course, to keep in mind drivers who may be considered unreliable.

The secretary had a conference this morning with Joseph Clark in which the latter assured the secretary that he had no complaint whatever to make against the Promotion Committee as to discrimination, and said that was not his intent at all in bringing to the attention of the Board of Supervisors a situation which he considers is a "monopoly."

Mr. Clark's contention was that a certain tourist agent throws all the business with which he comes in contact to one certain stand, and that even their prices are boosted to the tourists, while he and other stands, on the contrary, have lower rates, and that these are not available because of the so-called "monopoly."

He stated that the wrong impression was created when the Promotion Committee was brought into the question.

POLICE JUDGE AWARDS OPERA SINGER \$92.50 ON ALLEGED BACK PAY

Judgment in the sum of \$92.50 and costs was awarded by District Magistrate Monsarrat yesterday to Miss Vivian Kingston, a grand opera singer.

In her suit against Eugenio de Polco, in which she sought to recover back wages to the amount of \$150. It is understood that the judgment resulted from an agreement reached out of court. The Bank of Hawaii paid the judgment out of a deposit of \$100 made by the de Polcos. The suit for damages brought by de Polco against High Sheriff Jarrett, involving \$9,919.99, may be dropped, it having been reported that there is no ground for the action from the fact that only de Polco's leasehold interest in the opera company's costumes was attached. De Polco and Signor Rocca, musical director, expect to leave for the coast in the *Wilhelmina* next Wednesday.

EDISON MAZDA LAMPS

10 cents an hour

That's what it will cost you per lamp to light your store—inside or outside—if you use the new 1,000 watt, high-efficiency

These new MAZDAS are the most powerful incandescent lamps in the world. They are about twice as efficient as the smaller MAZDAS in common use, and are especially adapted to lighting large areas because of the tremendous amount of light given by one lamp. The color of light is also a decided improvement over that given by any other form of incandescent lamp.

Besides the 1,000 watt size, these gas-filled lamps are also made in smaller sizes giving over 50, 75 and 1,200 candle-power each.
